

THE **Challenger** CRASH PROTECTION ADVANTAGE...

LIFETIME WARRANTY

AGAINST CRACKED HOUSING

Challenger Series

End Plate

Typical Competitor

End Plate

SLOTTED BOLT HOLES

FLAT END PLATE SURFACE

Crash Protection Advantage allows end plates to drop during a crash providing best opportunity for major pump components to survive.

STEPPED END PLATE RECESSING INTO HOUSING

Keeps end plate trapped inside the housing during crash resulting in destruction of major components, typically the housing.

We can't eliminate the crash... but proven crash protection can help you survive it!
